LISSAGE HONMA TOKYO COFFEE ALL LISS PREMIUM:

Coffee Premium All Liss is a smooth effect alignment system, rich in protein and amino acids. It has in its formula a perfect combination of glycolic coffee extract, cationic polymers and a mixture of amino acids that act intensely from the cuticle to the cortex revitalizing and restructuring the hair, reducing the porosity, creating a flexible protective film, giving body and movement and a more uniform and aligned surface, making the hair healthier, hydrated, soft and has an intense shine.

The Brazilian Coffee Premium All Liss smoothing is the latest revolutionary kit offered by the Honma Professional brand. This formula is intended for hair of very frizzy and/or curly type, this treatment has found the perfect combination to smooth, regenerate and restore the hair cortex by bringing shine and vitality for a period of 6 months. Its action is to reduce the volume while restructuring the hair by acting directly from the cortex to the cuticle.

After the quick and easy application of the Brazilian COFFEE PREMIUM ALL LISS smoothing product, the hair will remain supple and silky for about 6 months. A very appreciable long-lasting effect!
